

Fraction War

Instructions:

- On your turn, each partner will draw two cards from the deck in front of them.
- Create a fraction so the bigger number is on the bottom (the denominator)
- With your partner, use any strategy of your choice to work out who has the bigger fraction.
- One point is awarded to the player with the bigger fraction.
- Play until 1 player gets to 10 points.

** Bonus Challenge!!

- With your partner, place all fractions in order from smallest to greatest on a number line!

being allowed to use any strategy allows for students to work at independent levels, or partners may work within the ZPD and learn from each other!

Looking for a challenge? Work with your partner or the teacher and enter the ZPD

Partner Work allows for pairs of students to work together and for stronger students to mentor other students in need!
